Classic Beige

The highest seller for coral stone, it is a warm, versatile hue with subtle natural textures that evoke the elegance of weathered limestone, making it ideal for creating timeless and inviting interiors/exterior.

Select White

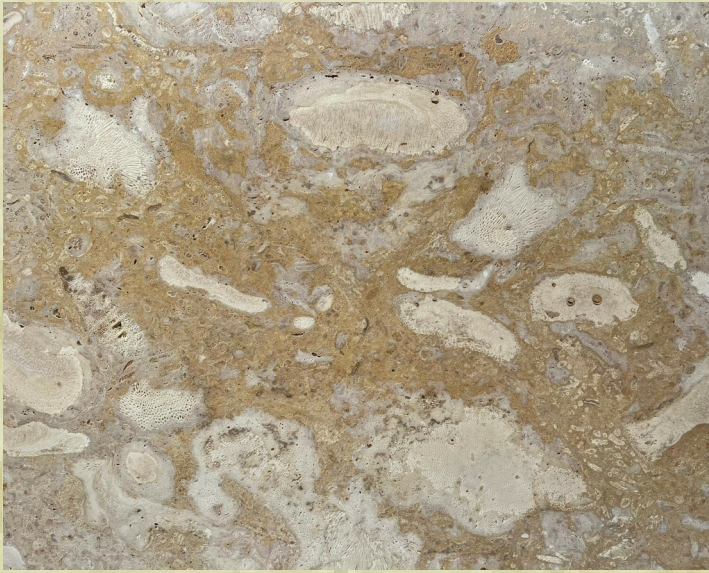

The second highest seller for coral stone, this stone offers a pristine, textured finish that combines the sophistication of natural stone with a light, airy aesthetic, perfect for brightening spaces with a touch of coastal elegance.

White Premium

The White Premium coral stone exudes luxury with its refined, luminous surface and intricate natural coral texture, delivering an upscale, sophisticated look.

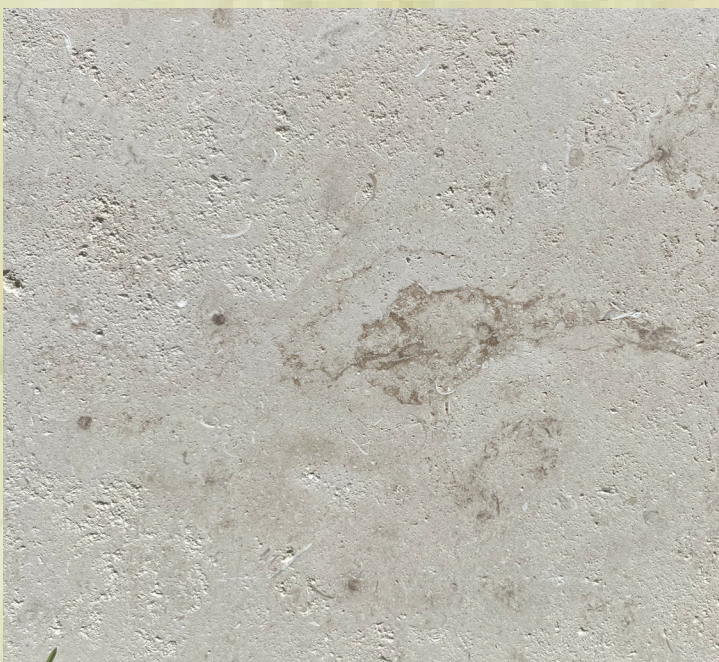

Boca Gold

The Boca Gold coral stone radiates warmth and richness with its golden hues and organic textures, bringing a touch of natural luxury and elegance to any space.

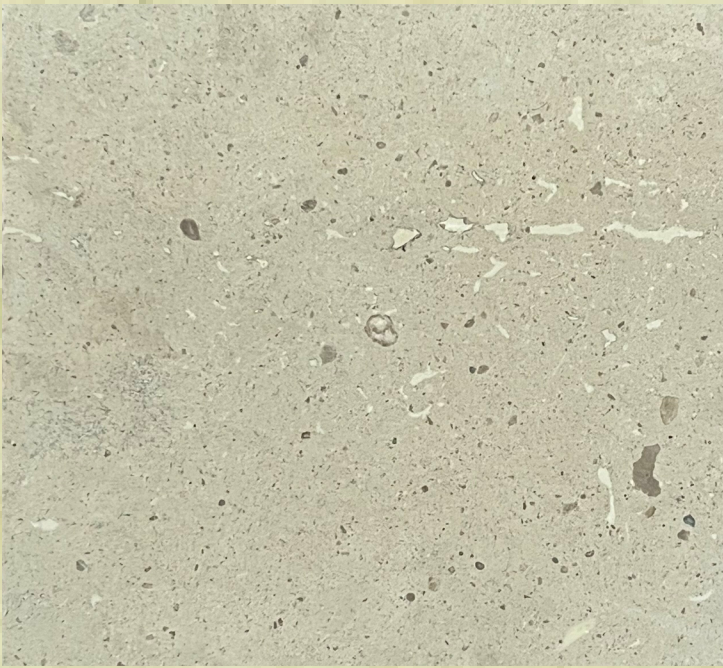

Shellstone

Shellstone combines soft, natural tones with delicate fossilized patterns, offering a unique, coastal-inspired elegance perfect for creating serene and sophisticated spaces.

Boca White

The Boca White coral stone features a dense yet subtle natural pattern, providing exceptional beauty for both high-traffic areas and elegant design projects.

Riviera Beige

The Riviera Beige is a versatile and durable natural stone with warm beige tones , perfect for adding elegance to both interior and exterior spaces.

Crema Maya

The Crema Maya stone is a sophisticated natural limestone with soft cream hues and subtle textures, ideal for creating warm, elegant, and enduring designs.

Bellagio

The Bellagio marble is a luxurious natural material featuring a blend of soft beige and gold tones with subtle veining.

Naxos

Naxos marble, renowned for its pure white hue and fine texture, offers timeless elegance and durability, making it the perfect choice for creating stunning, high-end architectural designs and luxurious interiors.

Ibiza White

The Ibiza White stone is a premium, natural stone with a sleek, timeless look, perfect for elevating modern and minimalist designs with its bright, clean aesthetic and durable finish.

Crema Marfil

The Crema Marfil is a luxurious, creamy beige marble known for its subtle veining and warm elegance deriving from the mountains of Spain.

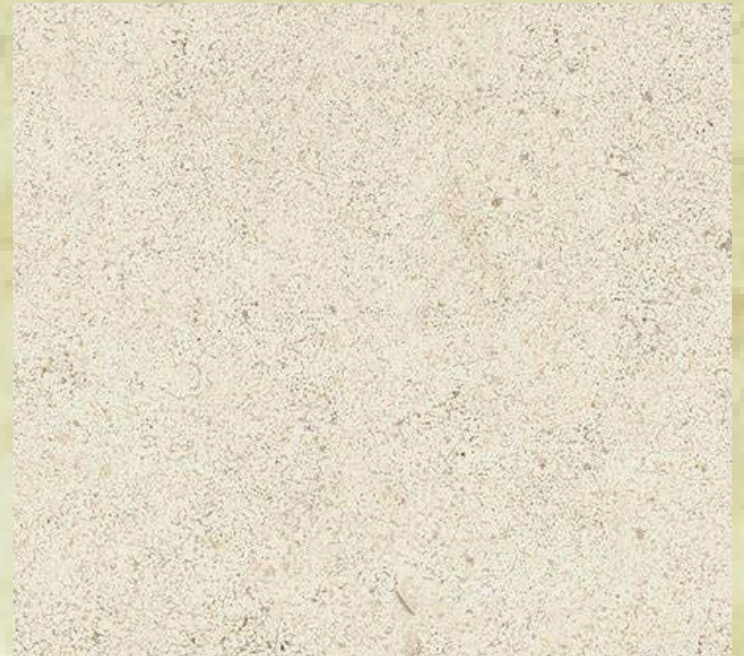

White Thassos

White Thassos is an exquisite, pure white marble renowned for its unparalleled brightness and crystalline beauty, great for achieving sleek, modern, and light-filled spaces.

Chauvigny

Chauvigny limestone is a versatile, durable French stone with soft beige tones and subtle texture, ideal for adding timeless charm and natural elegance.

Bretignac

Bretignac limestone is a refined French stone with warm beige hues and a smooth, consistent texture, perfect for creating elegant, classic, and durable spaces.

Cinderella Grey

Cinderella Grey stone is a sophisticated natural stone with soft grey tones and subtle veining, ideal for adding modern elegance and versatility to any interior or exterior design.

La Louvre

La Louvre limestone is a prestigious French stone with warm beige tones and rich fossil details, perfect for adding timeless elegance and historical charm to luxury spaces.

Provence

Provence limestone is a charming natural stone with warm earthy tones and unique textures, ideal for creating rustic yet refined spaces with a touch of French countryside elegance.

Onyx

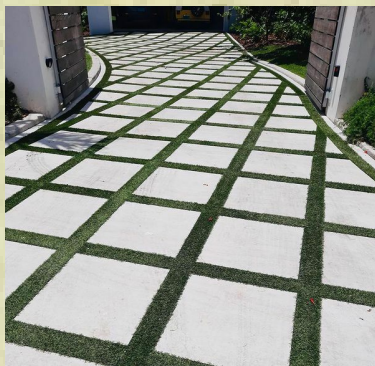

Onyx stone offers unmatched elegance, with its striking veining and translucency, making it ideal for creating unique, custom designs. Our expert team collaborates with you to craft bespoke pieces tailored to your vision, transforming your ideas into timeless work of art.

We offer an extensive selection of finishes and designs to suit a variety of preferences and styles. Should you require further details, we would be pleased to provide pictures or samples upon request.

At Legendary Stones, we take pride in our global partnerships with leading factories, enabling us to source and deliver any type of stone to meet your needs.

Additionally, our team of highly trained professionals specializes in expert stone maintenance and installation services. Contact us today to request a personalized quote and experience unparalleled service.

Our Process...

Step 1: Quarry

We work with mother nature to do whatever she allows us to make sure customers have the most exotic natural stone. Each stone block is extracted based on color, dimensions, shape. and size.

Step 2: Prep

The natural stone blocks are transformed by the use of high tech stone cutting machines to the traditional chip & hammer. The character of stone is checked & developed for polishing.

Step 3: Samples

A collection of natural stone colors, textures, and products are produced with passion. Once you browse through the catalog collection you may request samples you are considering. We have everything from mexican stone, coral stone, french stone, middle-eastern, etc.

Step 4: Delivery

Our delivery is Worldwide. Our materials are packed & wrapped with the most care and precision. The stone is shipped in oversea containers to the port nearest you then hauled by professional tracker trailers to the job site.

Testimonials

"I have been working with Legendary Stones for many years now. They have always provided me with the highest quality products and best customer service anyone could ask for. I can personally give the highest recommendation".

- Roy Holmes (CEO -Holmes3Investments)

Working with Legendary Stones, LLC for the past few years has been a pleasure and has helped my company thrive. They are professional, always available for my questions, expedite drawings and quality carved material in a timely manner. They go above and beyond any other stone company I have worked with. When it comes to working with a manufacturer like Legendary Stones is always my first choice".

- Lynda Giuliani (Paramount Stone)
